DEAR PATRONS

Welcome to the Mountain Arts Community Center. We hope that inside these pages you will find areas of interest that will enrich your creative side and feed the inner you! We strive to provide the community with the best teachers and a wide variety of classes.

There are actually 5 departments within the MACC: Education, Performances, Facility Rental, Alumni and History, and Restoration. In this catalog we offer our educational opportunities. Check our website regularly for upcoming workshops, concerts, art exhibits, rental opportunities and alumni information. Like us on Face Book, and participate in our contests to identify historical pictures and places.

Our hope for the upcoming year is to continue to upgrade the building, increase our presence in the Chattanooga area as a viable performing space, and offer our community some of the best the arts have to offer. We hope to soon have a permanent space within the MACC to exhibit historical artifacts and to house our growing collection of oral history videos. If these walls could talk! If you have something to offer, please contact us.

We are in need of volunteers to usher concerts and art exhibits and even help in our office. Let us know if you are interested.

Thanks for your interest in the Mountain Arts Community Center. We hope you like what you see. We are part of Signal Mountain: A Great Place to Live!

Sincerely,

Barb Storm

These sequences are slow, relaxed, stylized, comfortable motions that look a bit like swimming without the water. It is a series of positions, one flowing into the next. By gently twisting and turning as you balance and rebalance your arms and legs in a lovely, unhurried, steady, graceful sequence, every position of the body is used, refreshed and revitalized!
